

# Temptation

## Project Pitchfork

Curly hair around your neck  
Black boots, long legs  
You know I love the details  
That's why you got red fingernails  
You are moving like a cat  
Sweet bitch, turn around  
Give me your... back

Black cat  
Scratch my back  
Sweet witch, I penetrate you  
Your love is like a combat

Your lips taste like honey  
Your bed is a trap for me  
Bites of lust, milk on your chest  
Master and servant  
I lick your neck

Please forgive me  
I want to die in your arms  
You mean everything to me

Your smile is demoniac  
Sweet bitch, turn around  
Give me your... back
