Who's that comin' in wavin' the revolution rag  
A brutal cat screamin' where's the solution at  
'Cause m.i.c. so who is stoppin' me?  
I see what I see tell that cop stop mocking me  
Don't give a fuck about me, but fortunately  
I feel the same about you, so does my crew  
With tracks like these get authorities' backs twisted  
So now the troop is black listed  
Keep your distance cus the more you try  
To shut us up, to shut us down the more fire we apply  
The more you make us run the more haters we bun  
Tired of being second when the rat race is done  
Taste this lazer gun, blazin' hot  
A fatal shot let you know we ain't afraid of cops  
Time for the awakening start listening  
'Cause when your palace is burning my people sing...

When I'm feelin' the beat I'm spillin' the beans  
I'm givin' the fiends what they really could need  
I'm settin' em free from all misery  
And all slavery they brought upon them selves  
Bought upon the shelves of capitalism  
I'm rappin' to piss 'em off and I'm...  
Showin' no mercy for mercenaries  
Showin' no mercy for dirty Harrys  
Some are to thirsty for virgin Marys  
And some are too thirsty for bloody marys hey hey  
I beg no friends and no pardons  
Turn your luxury apartment into a park bench  
So the sergeants got their targets on lock on me  
Police be clockin' me, and when they're knockin' me  
That's all she wrote, but I'm a keep writin'  
I'm a keep spittin' in the after life in a  
Cypher with Big L, Biggie, Big Pun  
Tupac and Freaky Tah and I'm ready fi bun...

Everything you say can and will be used against you  
Everything I say can and will be used against you  
Low lifes and police on Babywrong service  
Serve the wrong purpose them people gone perverts  
Nervous cus we found a way out  
Of the business circus they be clowning no doubt  
They can frisk and search us but ain't no use  
It's David versus Goliath old news  
The kings will be victorious it was all written  
If they want to bring warriors it's war we spittin'  
They got a thing for quiet crowds with no questions  
We got a thing for riot squads, no question  
Teach kids: don't believe their words of wisdom  
Teach kids: don't believe the world wide system  
Teach kids: just because they're white and christian  
Hear this: don't mean they're on a righteous mission
