

## Beg To Differ

Prong

You make the right moves, I beg to differ  
Rather be a fool and see things clearer.  
You found a quick way to fill your pocket.  
That's the way in a world that's lost it  
To fall in line  
It's meaningless mindlessness.  
I beg to differ  
Disharmony amongst all our brothers.  
That's okay, be true to our grudges.  
No desire to walk beside you.  
Nothing positive when forced upon you.  
(So fall in me) Just fall in line  
It's meaningless, mindlessness.  
I beg to differ.
