

## Irrelevant Thoughts

Prong

Look, listen, learn

Listen

All I've been taught  
All that confused me  
Irrelevant thoughts  
All just to use me

For society's will  
Denied my own person  
But there's still a will  
For my very own lesson

Now I know nothing  
That my mind can't create  
Now they'll know something  
Of the mind they create

Look, listen, learn  
It's time they learn  
...

Rite to my will  
Rite to my impulse  
Territorial rites  
Right to your downfall

Look, listen  
Look, listen, learn  
...
