

# Power Of The Damager

Prong

All around this world  
Fear the imminent  
Barricaded walled  
More chastisement

All around I learn  
A viscous calling  
All about this world  
All about my world  
All about my world

What's all this for?  
Bound and limited  
Disregard my word  
Fibs are prominent

What do I stand for?  
Amongst corruption  
Who controls this world?  
Power in the world  
Power in the world

Can you feel it?  
Anger on the rise

Feel the grip on your throat  
Power of the Damager  
When your coffin is closed  
Honer of the hammer

Power of the Damager

All around this world  
Spins total confusion  
All our souls are sold  
To the Lord of the Decadent

All around you turn  
Laughed and smitten  
All around the world  
All around this world

Can you feel it?  
Anger on the rise

Takes control of your soul  
Power of the Damager  
The way your mouth has been sewn  
Got to find a new singer

Can you feel it?  
Anger on the rise

Feel the grip on your throat...Power of the Damager  
Takes control of your soul...Power of the Damager  
The way your mouth has been sewn...Power of the Damager  
The way your coffin is closed...Power of the Damager
