

I comprehend these laws with no particulars
The trappings of it all can never give in turn
A concept of counsel of the inner wealth
Perception of the dark all in you stealth

A sublime success controlled abstinence
Sublime success unworldly happiness
Sublime success controlled abstinence
Sublime success unworldly happiness

A pointed eloquence in its sublimity
Precision eminence of all solemnity
... for the inner wealth
...

A necessary call, call
A necessary call, call

Sublime success, controlled abstinence
Sublime success, unworldly happiness

I comprehend these laws with no particulars
The trappings of it all can never give in turn

Sublime success don't need abstinence
Controlled success unworldly happiness
