

# White, Proud And Stupid

Propagandhi

He's a good boy, he loves his mama  
He loves Jesus and his country too He's a good boy  
Working class white male  
Loves violence and his  
Dumb girlfriend too  
And that's enough to make me

That's enough to make me sick  
I am white, proud and stupid  
I am much smarter than you kid

'Cause you don't know what's right You're black instead of white  
And you gotta be like me  
If you wanna be free in my world  
In my world  
I can't believe what you say  
Do you really think that way  
Every time you talk you  
Tear the human race limb from limb Limb from limb  
The first generation  
With the racial segregation {dunno} Turn in her grave, Nazi skins  
And aryan pollute our land Screwdriver {dead}  
White pride {broken up}  
And warzone {not Nazis}  
And other Nazi bands  
They're a bunch of fag-bashing goons Nationalist buffoons  
And they don't even know what the fuck They're singing about at all

The first generation  
With the racial segregation
