

# Omnipresent Aggression

Protector

Aggressive burning hate  
Raging strong and wild  
Never ending curse  
Wrong or right, who knows?  
"It comes creeping from nowhere!"  
You say, but it isn't true  
This rage comes from inside  
Fire begins to flicker in the eyes  
Hate grows faster and faster  
Suddenly it breaks out  
The aggression that's in your soul  
Aggressive burning hate  
Raging strong and wild  
Never ending curse  
Wrong or right, who knows?  
The nature of man makes feelings rise  
You feel the lust for blood - all aggression is shit!  
People start to act like maniacs  
The madness will start now - why all this?  
Searching for someone who's small and weak  
Terrorize or kill him!... Satisfied?  
Aggressive burning hate  
Raging strong and wild  
Never ending curse  
Wrong or right, who knows?  
Aggressive burning hate  
Raging strong and wild  
Never ending curse  
Wrong or right, who knows?  
We must stop such feelings  
Thoughts and intentions  
Or we sooner or later  
Will end in misery  
Some people beat their children  
Some people torment their pet  
Some people start a war  
Are you free from hate?  
Aggressive burning hate  
Raging strong and wild  
Never ending curse  
Wrong or right, who knows?
