

## Cosy In The Rocket

Psapp

Climb, climb into the rocket  
And we set the fuse to go, go go  
Head start, cosy in the rocket  
And I need to go, to go, go,go  
Tip top ready for the sky  
And I'm tip top ready to go  
Tip top ready for the sky  
And I'm tip top ready to go,go,go

Come, come, fly into my palm  
And collapse  
Oh oh, suppose you'll never know

Nobody knows where they might end up  
Nobody knows  
Nobody knows where they might wake up  
Nobody knows  
Nobody knows where they might end up  
Nobody knows  
Nobody knows where they might wake up  
Nobody knows

Tick tack toe, you're fitting into place  
And now the old ways don't seem true  
Stick stop blue you're only shifting  
In the same old shape you always do  
Tip top ready for the sky  
And I'm tip top ready to go  
Tip top ready for the sky  
And I'm tip top ready to go, go go

Come, come, fly into my palm  
And collapse  
Oh oh, suppose you'll never know

Come, come, fly into my palm  
And collapse  
Oh oh, suppose you'll never know
