Who is on my site
No one who is getting out alive
Don't think if you don't have to
Save it all for someone who loves you

Whose on my site
Whose on my site
Whose on my site
Whose on my site

You, you are so cruel
How do you say the things you say
Without dying anyway
Don't run if you don't want to
No one here is telling you
No one here is telling you

Whose on my site
Whose on my site
