

Rear Moth

Psapp

Hmmmm

You're a lovely fade out

You're the last part of a now

Only when I'm sleeping do I see

Oh I want for nothing

It's the hardest part of all

What can keep me up and let me fall

Hmmmm

Sometimes when we're walking

Oh I like the way we weave

Circles loop in circles again

Here I see a shadow

It's a flicker 'round your mouth

Are you laughing at me or with me?
