

## The Camel's Back

Psapp

I'm going out with you  
I don't know what else to do  
But who is going to want me now?

You have crushed me dry  
From the blood to the tears in my eyes  
And no one will ever want me now

I see you settling like snow  
For I can never tell you no  
But the rain will come and take its toll

When all is said and done  
There's no number more than one  
And I could never want you now

It's the straw that broke the camel's back  
And you can never make up for what I lack
