

Caught In The Act

Psyche

I know the situation
That you're the contact man
It's all falling through your fingers
It's time to score a better plan
Move on out tomorrow night
We ain't got time to kill
If you think you can't get caught in the act
I can guarantee you will

Look out for the white lies
They'll just get in the way
Don't get too impatient
We can't afford to waste another day
Waiting for all the parts to fit
Time to make the clocks stand still
If you think you can't get caught in the act
I can guarantee you will
