

Searching

Psyche

I've been taking some time
Trying not to look behind
All those things in the past
They were never made for you to last

If only I could, I would help you
But I'm too busy trying to help myself
I'm searching, and I'm searching

If only we had all the time in the world
If only we knew where we were going to
I want to...

I want to try to find another way
This isn't what I dreamed or intended
Is it you
Or me alone?
I would like to help you out
But I'm too busy trying to help myself
And I'm searching
But the time, the time is running out
