

Back in the saddle - going out to hunt
I smell the blood of a lying fucking cunt
And there's nothing you can do - I'm coming after you

I have a dream insight
You and me on an empty street at night
It's never ending - stop pretending
I got a message for you - for you

Like a b.i.t.c.h from the golden age
Get ready to go - apocalypso

Back in the basement - I've seen it all before
I have an attitude - you muthafucking whore
And there's nothing you can do - I'm coming after you

You're a b.i.t.c.h from the stoneage
Get ready to go - apocalypso

Like a b.i.t.c.h from the golden age - get ready to go
You're a b.i.t.c.h from the stoneage
Get ready to go - apocalypso
