

Soulless (The Makers Reflection)

Psyclon Nine

We are the sons of perdition
we are the daughters of hate
we are the soulless, the fallen
we are the fire and flame

i am the ash of disease
i am the kiss of corruption
i am the: this is the end
i am the fire and flame

we are the sons of perdition
we are the daughters of hate
we are the soulless, the fallen
we are the fire and flame

[we the fallen are the fire, we the fallen are the flame]
