Public Image Ltd.

Home  
I got the oven repaired  
This was security in luxury  
Home is where the heart is  
The daily paper and the carpet  
My body burns  
My body needs to follow suit  
Blind lead the blind  
From Russia with love  
I look good in dust  
Shadow in the back of the hall  
The images of everyone  
Isn't nature such a wonderful thing  
Spreading all over the world  
By geography  
I'm not a stranger  
My fingers burn  
My body burns  
I'm practising  
I'm separating  
I look good in dust  
My body burns  
My body needs to follow suit  
Blind lead the blind
