

All I Ask For

Puddle of Mudd

Walters vanished got no one
Lived in fear on the run
Do no right, do no wrong
Drink all day until I'm gone

Yeah

At last I know how you felt
When I leave when I go
Lay alone by yourself
What you thought was all wrong
Do you know what to feel
What you thought was all wrong
Lay alone by yourself

Have we lost it
Have we lost it just because
Have we lost it
Have we lost it just because

Walters vanished got no one
Lived in fear on the run
Do no right, do no wrong
Drink all day until I'm gone

And all I ask for
Nothing, Nothing
Well all I ask for
Nothing, Nothing
Well all I ask for
Nothing, nothing
Well all I ask for
Nothing

Lay alone by yourself in your bed
With all your thoughts inside your head
Lay alone by yourself inside your bed
With all your thoughts inside your head

All I ask for
Nothing, Nothing
All I ask for
Nothing, Nothing
Lay alone by yourself inside your bed
With all your thoughts inside your head
Lay alone by yourself inside your bed
With all your thoughts inside your head

Well all I ask for
Nothing, nothing
Well All I ask for
Nothing, nothing
Yeah
All I ask for
Nothing, nothing
All I ask for
Nothing

Just because

All I ask for nothing

Just because ...
