You lied a river of tears, I know that you're faking You cried & quivered adhered, way to stick to it But I've given everything that's left The blood spilled on the table You cried & quivered adhered, way to stick to it & I've given everything I've got The blood's on the table

You lied you cried
The blood's on the table
You cried ,you lied
The bloods on the table

You wipe the tears away should've known better
Letting go of all your lies sorry for suffocating
But I've given everything I've got
The blood spilled on the table
You cried you shiver & shake
But I'm going to have to let you go
& I've given everything I've got
The blood's on the table

You cried you Lied The bloods on the table You lied you cried The bloods on the table

& I've given everything
(You know I've given everything)
& I'm not about to leave
(no I'm not about to leave)
Don't cry Don't cry
Cause I'm tired of hearing you scream at me

You lied you cried
The bloods on the table
You cried you lied
Spit on the table
