Go to Hell

Puddle of Mudd

Everybody lives, everybody dies
Everybody laughs, everybody cries
I know you wanna make it to the heaven in the skies
God is coming down and he's gonna save your life

Because everybody's dying to get to heaven
But most of ya'll has gots to go to hell
To hell, to hell, to hell

Better listen up, better listen good
Cause I've been watching you, you've got a bad attitude
Don't think you can run and hide away from all the pain
I don't wanna hear you say that you're gonna be the one to blame

Because everybody's dying to get to heaven
But most of ya'll has gots to go to hell
To hell, to hell, to hell

Everybody's dying to get to heaven
But most of ya'll has gots to go to hell
To hell, to hell, to hell

Don't tell me you're sorry and
Don't want to hear you're sorry now
Don't tell me you're sorry cause I don't care

Don't tell me you're sorry cause I don't

Know you wanna run, run from all the pain
Pain that's living in, side of your brain
I know you wanna make it to the heaven in the sky
Don't you worry baby, cause God will save your life

Everybody's dying to get to heaven
But most of ya'll has gots to go to hell
To hell, to hell, to hell

Everybody's dying to get to heaven
But most of ya'll has gots to go to hell
To hell, to hell, to hell

Everybody lives, everybody dies
God is coming down and he's gonna save your life
Everybody lives, everybody dies
God is coming down and he's gonna your life

I know you wanna make it to heaven
I know you wanna make it to heavenin the sky
