Like a son taking in by the wind Everybody wants to give in Something about a second chance Can't you help me out?

If I could love you (3x)

Through the wind I can feel
Through the trees I can steal
But you never ever want to see my way
But we're here in the dark and the dogs starting to bark
Cause I'm selfish and you'll never get your way, it's okay

If I could love (3x)

Somethings going on in me that you never wanna see I think somethings wrong with you But you know that I love you You don't seem to be around even when everything's going down Why don't you wanna feel my pain?

If I could love you
You're driving me crazy, crazy, crazy BABY!
