

## Keep It Together

Puddle of Mudd

There's so much left to say  
Before you walk away from me  
& you know that I would get  
Down on my knees & pray to god  
& you know that I will try  
& you know that I would die for you  
& you know that I would take a bullet  
Just to save your life  
Just to save your life  
It's hard to turn back time  
It's hard to say goodbye

Even though we are miles apart tonight  
I know we can make it right  
So just give it a chance  
& we can keep it together

& everytime I think of you  
& after all that we've been through  
cause no one ever  
no one ever, ever compares to you  
& my mind is spinning in circles  
& my thoughts are running wild  
& you know that I would take a bullet  
Just to save your life  
Just to save your life  
& it's hard to turn back time  
& it's hard to say goodbye

Even though we are miles apart tonight  
I know we can make it right  
So just give it a chance  
& we can keep it together

Yea we can keep it together  
Yea we can keep it together  
So just hold on tight never let me  
go this time never let me

Even though we are miles apart tonight  
I know we can make it right  
So just give it a chance

Just hold on tight & don't let go  
We can make it if we just hold on  
Just hold on tight & don't let go  
We can make it if we just hold on  
& We can keep it together yea  
& We can keep it together yea  
So just hold on tight  
Never let me go this time  
Never let me go
