

Kiss It All Goodbye

Puddle of Mudd

Things won't eve, change your thinking
No one's drinking, won't choose
Live
Live
I'm not changing, keep on drinking
Time keeps starting
No more rain
Live
Live

Live to kiss it all goodbye
I'm in the back of your mind
Will you kiss it all goodbye?
Goodbye, goodbye
Yeah

You can't make me
Come and take me
No one playing, I want
Everything
I want everything
All I everything
I want everything
I want everything
