

# Thinking About You

Puddle of Mudd

You're many miles away  
But I can still see your face  
I can still taste your lips  
From the kiss yesterday  
I heard you at the end of day  
Took another trip to outer space  
I will chase you around the world

I can still hear you  
I can still feel you  
I can still hear you  
Calling my name

I've been thinking about you  
I've been dreaming about you  
Every night and everyday  
I keep waiting on you  
Keep praying for you  
That maybe you'd come back again someday  
Come back again someday

Should've been a piece of cake  
But I guess it had to end this way  
Why is everything such a waste  
I'm gonna keep holding on  
Holding on to what we got  
But everything we had is already gone

I can still hear you  
I can still feel you  
I can still hear you  
Calling my name

I've been thinking about you  
I've been dreaming about you  
Every night and everyday  
I keep waiting on you  
Keep praying for you  
That maybe you'd come back again someday

I've walked around the world  
About a million times  
Just to find you girl  
Can't get you out of my mind  
I cross a burning bridge  
And a lack of time  
Just to save you girl  
Can't get you out of my mind  
Can't get you out of my mind

I've been thinking about you  
I've been dreaming about you  
Every night and everyday  
I keep waiting on you  
Keep praying for you  
That maybe you'd come back again someday  
Come back someday

I've been thinking about you girl  
I've been dreaming about you  
Every night  
Keep waiting on you  
Keep praying for you  
That maybe you'd come back again some day
