

Time

Puddle of Mudd

I can't believe
Yeah they're taking over
And all this confusion
Is what I gather
Well it's about time
Yeah they draw the line
And the clocks still ticking
But there's no more curfew

I still can't find my way
Someone show me a sign
I'm right back where I started
And I'm running out of time

Not to tick this
Please don't take that
It belongs to me
You better give it back
Give it back
Well it's about time
Yeah they draw the line
And there's no more curfew
And the clocks still ticking

I still can't find my way
Someone show me a sign
I'm right back where I started
And I'm running out of time
Always running out of time

Not about giving in
Not about your concern
I can show you what I mean
Not about giving in
Not about your concern
And I can show you what I mean

I still can't find my way
Someone show me a sign
I'm right back where I started
And I'm running out of time
