

Everyday

Puggy

Doudoudoudoudoudoudodou
Doudoudoudoudoudoudodou

Everyday's a day you haunt me
Everday's day I swear
That any day when you are near me
Is a day for which I care

No no you're not alone
When there's someone you can hold
Someone who is there
No no you're incomplete
'Til that someone that you meet
She tells you she is there
No you're not, no you're not

Doudoudoudoudoudoudou
Doudoudoudoudoudoudou

Any day's a day before me
And could be our last affair
You might fear the night will take me
But every single night we share

No no you're not alone
When there's someone you can hold
Someone who is there
No no you're incomplete
'Til that someone that you meet
She tells you she is there
No you're not, no you're not

Doudoudoudoudoudoudou
Doudoudoudoudoudoudou
