

# How I Needed You

Puggy

Save from them all  
those evil little mother fuckers at my door  
Yeah what life keeps cool  
And I believe they only more than life is short

Do you remember when  
Nobody knew me well that was so simple then  
Hhm but you knew my name,  
And Lord knows it will never sound the same again

Chorus:

I will stay with you  
I will stay with you  
I will stay with you  
How I Needed You  
How I Needed You  
How I Needed You  
I needed you  
I needed you  
I needed you

Well a long time ago  
That night we have was my only claim to fame  
Yeah we will run we're friend  
And girl, you took a way from us,  
Our happy end

I will stay with you  
I will stay with you  
I will stay with you  
How I Needed You  
How I Needed You  
How I Needed You  
I needed you  
I needed you  
I needed you

You've taken from the everything in the world (I needed you)  
You've taken from the everything in the world (I needed you)  
You've taken from the everything in the world (I needed you)  
You've taken from the everything in the world (I needed you)

'Cause  
I hate you more than I hate everything in the world  
Well I do, I said I do  
You've taken from me everything I deserve  
Well it's true, Yeah it's true

I hate you more than I hate everything in the world  
Well I do, I said I do  
You've taken from me everything I deserve  
Well it's true, Well it's true

You've taken from the everything in the world (I needed you)  
You've taken from the everything in the world (I needed you)  
You've taken from the everything in the world (I needed you)  
You've taken from the everything in the world (I needed you)

I will stay with you  
I will stay with you  
I will stay with you  
How I Needed You  
How I Needed You  
How I Needed You  
I needed you  
I needed you  
I needed you
