

Unimaginable

Puggy

You told everyone before the night would fall
You could turn the moon into sun
You made up everything like it couldn't be bought
And they believed in all that you sang

Well, it's unimaginable
Yes, it's unimaginable
All that you say
In every way
All that you do
Is everything they want from you

Well, it's unimaginable
Yes it's unimaginable
All that you knew
All that you do
Nothing is true
And it's everything they'll ever want from you

You gave them everything
Before the rain could fall
And they keep it all in a song

So you saw what they were thinking
And what you thought was anybody's guess
'Cause everyone knows that everything owes
To anything loads of better days

Well, it's unimaginable
Yes, it's unimaginable
All that you say
In every way
All that you do
Is everything they want from you

Well, it's unimaginable
Yes it's unimaginable
All that you knew
All that you do
Nothing is true
And it's everything they'll ever want from you
And it's everything they'll ever want from you
