

# Unimaginable

Puggy

You told everyone before the night would fall  
You could turn the moon into sun  
You made up everything like it couldn't be bought  
And they believed in all that you sang

Well, it's unimaginable  
Yes, it's unimaginable  
All that you say  
In every way  
All that you do  
Is everything they want from you

Well, it's unimaginable  
Yes it's unimaginable  
All that you knew  
All that you do  
Nothing is true  
And it's everything they'll ever want from you

You gave them everything  
Before the rain could fall  
And they keep it all in a song

So you saw what they were thinking  
And what you thought was anybody's guess  
'Cause everyone knows that everything owes  
To anything loads of better days

Well, it's unimaginable  
Yes, it's unimaginable  
All that you say  
In every way  
All that you do  
Is everything they want from you

Well, it's unimaginable  
Yes it's unimaginable  
All that you knew  
All that you do  
Nothing is true  
And it's everything they'll ever want from you  
And it's everything they'll ever want from you
