

What

Pulley

Hey you asshole! standing over there.
In the corner bringing all you cheer to me. so what,
You to try hard to make your friends insecurities,
It keeps you going on.
Now you're in a class all alone.
You're the leader, and they follow like sheep,
They are and what, yeah,
Keep on believing you.
Make a difference a superman you're not.
Scared inside I see you shaking.
Scared inside there's no escaping.
