```
I thought so long and suddenly I realised / I love love I thought so long and suddenly I realised / I love love Am I loving the girl / or the feeling I feel? Is it just the idea that I like / or is it for real? I recall a special friend, I invited her home for tea And while my mother cooked a meal she was under the table with me
```

I thought so long and suddenly I realised / I love love I thought so long and suddenly I realised / I love love These ideas that I have / remain fixed in my head Only the characters change / it's someone else there instead One day we went down to the park to feed the ducks some bread Foul fowls wouldn't touch a scrap so we jumped in the duckpond instead

I thought so long and suddenly I realised / I love love I thought so long and suddenly I realised / I love love Lalalalala...
