

She's a Lady

Pulp

Are you trying to put me on ? I turned around and it was gone
Did I leave it in your car ? On a table in a bar ?
Or in your bed between the sheets ? The places where we used to meet
Wherever love has gone I need to know

'Cos she's a woman, oh yeah she's a woman, she's a lady
And I just love the way she moves, the way she moves, watch her

When you left I didn't know how I was going to forget you
I was hanging by a thread and then I met her
Selling pictures of herself to German business men
Well that's all she wants to do

Come on, come on, I don't want to try too hard, I don't want to wait
too long
I don't want to live alone with all this crap that pulls me down
Oh tell me now, how would it feel if I could touch you once again

Where have you gone ? Where have you gone ?
The moon has gone down on the sun
I know that you're coming home, you wouldn't leave me on my own
Everybody, can't you see, she's coming back to me

Whilst you were gone I got along
I didn't die, I carried on
And I went drinking every night just so I could feel alright
Stayed in bed all day to feel O.K., I felt O.K.

Oh I felt sick and tired, yes I did, she lived at her father's place
Played his records though they jumped, wore her body back to front
I tried hard to make it work, kissed where she said it hurt
But I was always underneath. She's a woman...etc.

I don't know why you pretend that it causes you pain
When you know very well you're going to do it again
You're going to do it again and again and again
But can you keep it going all nite long ?

I know it's going to happen
It might not be today, it might not be tomorrow
Or even the day after but some time soon, you'll see
You're going to come back to me. Whilst you were gone...etc.

Whilst you were gone I got along
I didn't die, I carried on
Oh yeah I went with other women, what else can I say ?
I guess I kind of missed you whilst you were away, whilst you were gone (stop)
