

# Yesterday

Pulp

Yesterday you were the daddy  
Yeah, you were steaming  
You had it all  
Then you realized  
You were only dreaming

Now you're washing up last night's coffee cups  
Yeah, you get cleaning  
Cause yesterday's not today  
So it has no meaning

Yesterday you were the dog's  
But then you blew it  
You set your sights on the best of all  
And you got it  
But you never knew it

Now you don't feel wronged or noble at all  
Just very stupid

Yeah, yesterday's not today  
Yesterday is over  
Oh yeah, yesterday is so far away  
Cannot hurt you

Yeah, yesterday's gone  
So yesterday can't hurt you

Yeah, yesterday's gone  
So yesterday can't hurt you

Nothing to live up to  
You've no-one to pay

Yeah, yesterday's gone  
So yesterday can't hurt you

Look out of your window  
It's a beautiful day

Yeah, yesterday's gone  
So yesterday can't hurt you
