

Why do you judge me?  
It's time to get over yourself

Morals dissipating  
Gives me eyes to get a closer look  
Oh, I'll get a closer look  
Why do you judge me this way?  
I don't know, I don't know

I've made mistakes  
More than once, more than once  
My views mismatch me  
About time to get over myself

So much retribution  
Gives me eyes to get a closer look  
Oh, I'll get a closer look  
Why do you judge me this way?  
I don't know, I don't know

I've made mistakes more than once  
I'm only human  
I can't offer you perfection  
I can offer you a closer look into my view

I gave in one too many times  
I rectify myself with guilt  
But it's overwhelming me  
Why do you judge me this way?  
I don't know, I don't know

I've made mistakes more than once  
I'm only human  
I can't offer you perfection  
I can offer you a closer look into my view  
Into my view, into my view
