

Mirror

Punchline

Mirror, mirror
Tell me I'm not the one
That I see in your reflection
Never, never
Want to see myself like this
Hope it's all made up by my imagination
Or my loneliness is blowing my emotions

My eyes are burning
And my mouth is getting dry
Getting sick of thinking about her and I
It's been a long time
Since i've seen you smile
I can't count the days but i know it's been awhile
Since your time passed, soon to say goodbye

All I need
Is a world filled with dreams
Why wont you
Take me back where I belong

Through all the good times
I've lost my fantasy
All my faith is falling with me
Not strong enough
To face the world to be
Think I'll soon crack down on the pressure
And my life bears too much failure

All I need
Is a world filled with dreams
Why wont you
Take me back where I belong
All I need
Is a world filled with dreams
Why wont you
Take me back where I belong

All I need
Is a world filled with dreams
Why wont you
Take me back where I belong
All I need
Is a world filled with dreams
Why wont you, take me home...
Take me home...
So take me...
All I need is, to go home now...
