

Somewhere In The Dark

Punchline

Somewhere in the dark, I wonder if you knew
How truly happy I was sitting next to you
Then you took the cat and car and drove away,
And I had to figure out how to be alone
I carried around my phone and waited for your call
It's funny, you needed me,
But now you don't need me at all
Now I do what I want, when I want
And you...
Well, I don't even know where you are

I've got some news
I might like it better without you, baby
What does that prove?
The moment's past, and I am fast asleep (Heyyy)

Now I play guitar,
and hang out with my friends
I have your blue shirt, (blue shirt)
It's still sitting by my bed
Strange how the scent makes it feel like you're here
But I like the blue shirt more than you

I've got some news
I might like it better without you, baby
What does that prove?
The moment's past, and I am fast asleep (Hey-ay)

(Bah-dah-bop bah-dah-bah-dah!)

Sooo...
I've got some news
I might like it better without you, baby
What does that prove?
The moment's past, and I forgot what I was singin' about!
I've got some news
I might like it better without you, baby
Oh! (Oh-oh-ohhh)
