

# Human Garbage

## Pungent Stench

You piss me off when i see your face  
Full of shame, full of disgrace  
Your're nothing worth, just a piece of shit  
Shut your mouth or i start to hit

I punch your face, i kick your butt  
I rip your chest and i eat your gut  
Your're a big time loser, a lowlife cunt  
I smash your face and let a grunt

You're so fake, so "wanna be"  
All in all a total pee  
There is no reason to let you live  
Feel my fist - i will not forgive

A jobless arse, a "don't wanna work"  
Social parasite a fucked up jerk  
Full of drugs and full of shit  
Come here and take this shit

I am full of scorn  
Whish you were never born  
Will cut your life short  
Won't regret on any court

The knowledge you have is minimal  
You live your life as a criminal  
You think you are so smart  
But in real you are a dumb ass fart

You treat your women like shit  
Your hard on as big as a tit  
You just got a lowlife style  
Your attitude is ugly and vile

Human garbage i would name you  
You fuckin' hypocrate belong to the zoo  
Your presence an disgusting pollution  
Death for you the only solution

Your life is a fake  
Fuck yourself and die  
You just got no taste  
All you do is a fuckin' waste  
A parasite and nothing more  
Your mother a fucked up whore  
Your father a dirty tramp  
That makes a lowlife champ  
So go die and fuck you, scamp
