

Rex Paedophilus

Pungent Stench

Infants are virginal, incorrupt, innocent, nice
Their laughing and merriness that's my sugar and spice
I abandon myself to vice
To say it the least precise
My cock got mirrored in their eyes
At work they call me rector with a constant smile come to me boys and girls in single file
Don't act foolish and hostile
My cock's a gun and most versatile
I am the pastor with the paedophile smile
My cock's on fire
A religious desire?
Black and white and even mex
Crow me ☐ paedophile rex!
I like them more than most men do
Intimate deep without taboo
Making me cum, praying thank you
To their father, holy pastor screw
Some call me boogieman some call me children's fan
Some think I am vile others a preacher in proper style
Always with a paedophile smile
I keep all their predilections
On analysis file
To make their service worthwhile
