

# Give Us A Rise

Pure Prairie League

Hey give us a rise... give us the rise  
Hey give us a rise our thirsty fields are waitin' the  
Willow sags  
Let's stop the disguise of shallow lifeless baitin'  
I want you now well strengthen the ties give us the rise  
I don't want to know all... the ways you're callin' to  
Been up what's been brought through you findin' myself  
Already free to blow  
Na ba da da

Hey give us a rise so we can make it known

No sunrise and we're not alone in the storm at hand  
Give us the land the wild hog cries give us a rise  
I don't want you to know oh now the one you see in me  
You give all that to free me knowin' myself already  
Free... to blow  
Na ba da da

Da da da da da... na na  
Da da da da da... na na  
Da da da da da... na na  
Da da da da la... hey give us a rise
