

# Goodbye So Long

Pure Prairie League

Yesterday... you led me to believe  
That the only love you had was you an' me  
You made it look so cool... baby I'm no fool so

Goodbye so long... I can't hang on  
Goodbye so long... baby I'm gone

I was wrong... to give you all my love  
'Cause I found out you're the woman I can't trust  
You said our love could be so fine... now I see the  
Truth behind the lies so

Goodbye so long... I can't hang on  
Goodbye so long... baby I'm gone

You're always leavin' you know when I'll be there when  
You come home  
You're so deceivin' you got me feelin' like I'm all  
Alone

No more... I've taken it long enough  
You'd best be on your way I've found another love  
Don't look back you're outta time You never were a  
Friend of mine so

Goodbye so long... I can't hang on  
Goodbye so long... baby I'm gone

Goodbye so long... I can't hang on  
Goodbye so long... baby I'm gone

Goodbye... Goodbye so long  
Goodbye... Goodbye so long  
Goodbye... Goodbye so long  
Goodbye... Goodbye so long...
