

## Janny Lou

Pure Prairie League

(Vince Gill)

I had a dream last night about you an' me  
It made me think of just how much how much you mean to  
Me

Janny Lou  
Janny Lou  
You came along  
You heard my song  
I love ya Janny Lou

I'm so cold and all alone.. in room 459  
An' I'm cryin' down but I'll be all right 'cause I know  
You'll always be mine

Janny Lou  
Janny Lou  
You came along  
You heard my song  
I love ya Janny Lou

There's a lotta things I do.. that you don't understand  
But you an' I we both know that someday I'll have  
Your hand

Janny Lou  
Janny Lou  
You came along  
You heard my song  
I love ya Janny Lou  
Oh I love you Janny Lou
