

Apprentice Of The Universe

Pure Reason Revolution

Lime & limpid dream colonise.
Waste the silent orders
waste the silence...

Lime she screens the green colour light
Taste alliance order.
Taste alliance...

And give me something to dream about, I'm tiring
I'm cold and I want to go to sleep

Through time she leads the tunic & rhymes
Blinding-Finding order.
Blinding finding...

Time she clears & found colour glide.
Live the silent waters.
Seams & ground lines.

And give me something to dream about, I'm tiring
I'm cold and I want to go to sleep

She told me i had too much to dream last night.
