

Did you feel loved?
You're dead like one of us
It kills real love
Like one of us
Avalon, Avalon

Did you feel love, did you ever burn Avalon and taste the real
blood
Did you feel enough, did you ever know, ever know?

Amor, amor vincit omnia

I'll never let anything or anyone come between us.
Never let anything or anyone, no.

Stand as you know, can't hide forsaken.
