

# Get Up

pureNRG

When your world gets  
A little too crazy for ya  
Your so paralyzed  
Can't seem to find ur strength  
If your wondering  
If theres any hope for ya  
Let me tell ya  
About how things can change  
Love will reach down and give life to your weary soul,  
Before you know, (before ya know)

(GET UP) Take your sadness  
(GET UP) All this madness  
(GET UP) move on past it  
Just get up, just get on up  
(GET UP) take your worries  
(GET UP) spinning blurry  
(GET UP) you better hurry  
Just get on up

Every moment is a chance for ya  
Your oppertunity to find a place  
In the presence  
And in the freedom  
And in the power of this wonderful grace  
Love will reach down and give life to your weary soul, before ya know,  
(Before ya know)

(GET UP) Take your sadness  
(GET UP) All this madness  
(GET UP) move on past it  
Just get up, just get on up  
(GET UP) take your worries  
(GET UP) spinning blurry  
(GET UP) you better hurry  
Just get on up

(GET UP) Everybody hit the floor  
(GET UP) Everybody move your soul  
(GET UP) don't know what your waitin' for, (whoo) come on..  
(GET UP) you don't have to hurt no more  
(GET UP) pick up all yourself and go  
(GET UP) just let the music take control  
Just get on up, just get up, get up

There's no spirit to broken apart  
No too hardend unchangable heart  
Love can reach you wherever you are,  
And lift you higher,  
And higher, and higher, and higher

(GET UP) Take your sadness  
(GET UP) All this madness  
(GET UP) move on past it  
Just get up, just get on up  
(GET UP) take your worries  
(GET UP) spinning blurry

(GET UP) you better hurry  
Just get on up

(GET UP) everybody hit the floor  
(GET UP) everybody move your soul  
(GET UP) don't know what your waiting for  
Just get up, get up GET UP!
