

Agostina

Puscifer

Celestial ocean, choice and chances
Future love and light
Infinity have, many a faces
I see them all tonight

In you
Our intersection
Our Devine collision
In you
Our intersection
Our Devine collision

Welling waves of tears
In recognition of, what patience will provide
When we're radiating
Celestial bodies, fatefully collide

It's you
Our intersection
Our Devine collision
It's you
Our intersection
Our Devine collision

Hey, hello, a joy to finally meet you
Hey, hello, Agostina
