

Life of Brian (Apparently You Haven't Seen)

Puscifer

Obsession has an odor
Tunnel vision has a tell
Fanatical behavior
Seems to fit you well

Fixate on what you think you know
You're missing what you don't, though
Crazy wouldn't notice
Have a lonely life in your chosen hell

Metaphors just point the way
Towards untouchable ideas
Fixating on the finger
Missed the point, dull the point as well

Dull the point, miss the point
Dull the point, miss the point
Dull the point as well

Obsession has an odor
Tunnel vision has a tell
It's fanatical behavior
Have a lovely life in your chosen hell
