

Trekka Dub

Puscifer

I don't know, but it's been said
You do or don't and then you're dead
So climb away, get higher, son
Never straight, just move ahead

Never one to hog the grass
Sniff the dope and act an ass
I'm just a soldier marchin' to
The golden rule of puff and pass

So pardon me, I'm rubbered up
If I go speakin' out of class
I'm just a grunt who's groovin' to
The golden rule of puff and pass

I don't know, but it's been said
You do or don't and then you're dead
So climb I will or crawl or run
Never straight, just move ahead

Left shoulder
Right shoulder
Left shoulder
Right shoulder

I don't know, but it's been said
We'll rest forever when we're dead
I don't know, but it's been said
We'll rest forever when we're dead

I don't know, but it's been said
We'll rest forever when we're dead
I don't know, but it's been said
We'll rest forever when we're dead

Your left shoulder
Your right shoulder
Your left shoulder
Your right shoulder

I don't know, but it's been said
We'll rest forever when we're dead
I don't know, but it's been said
We'll rest forever when we're dead

We'll rest forever when we're dead
