

Bottle Pop

Pussycat Dolls

Tip top, drip drop, bottles pop
Lips lock, hips rock, don't stop
Big Snoop Dogg is back on the block

P.C. Disney
Shake that thing to this beat
Taste like Brandi, shape like Landi
Sweet like candy candy candy

All them other models bottling like mamas bottle tasty
If you pop my bottle all them models gonna hate me

When my bottle pop
When my bottle pop
When my bottle pop
When my bottle pop, shake me

Every girl dreams of herself in pearls
Wanna be the fast driver of a shiny car
But a good girl's suddenly the bad girls
Just because they wanna be a movie star

(Watch me)
When my bottle pop
When my bottle pop
When my bottle pop
When my bottle pop, shake me

When my bottle pop
When my bottle pop
When my bottle pop
When my bottle pop, shake me

Every girl feels this world belongs to her
No matter who make her purr she's a super star
But neither worry, it is us, my girl with curves
That'll make the smell of burn when her bottle pops

(Watch me)
When my bottle pop
When my bottle pop
When my bottle pop
When my bottle pop, shake me

When my bottle pop
When my bottle pop
When my bottle pop
When my bottle pop, shake me

Pass the fifth, I pass it back
Turn around, little mama got ass in the back
See it's a fact, a bottle'll pop
If you shake it, then drop it like it's hot

Time is money and money is time
And if you with me, all your money is mine
Yep yep, do it to deaf

Is it true that you get wet wet wet?

When my bottle pop
When my bottle pop
When my bottle pop
When my bottle pop, shake me

When my bottle pop
When my bottle pop
When my bottle pop
When my bottle pop, shake me

You turn me on, you shake me up
So don't ya wanna take me?
And just because I'm the chosen one
Ooh, them models gonna hate me

All them other models bottling like mamas bottle tasty
If you pop my bottle all them models gonna hate me

When my bottle pop
When my bottle pop
When my bottle pop
When my bottle pop, shake me

When my bottle pop
When my bottle pop
When my bottle pop
When my bottle pop, shake me

When my bottle pop, shake me

When my bottle pop
When my bottle pop
When my bottle pop
When my bottle pop, shake me

When my bottle pop
When my bottle pop
When my bottle pop
When my bottle pop, shake me
