

# I Must Get You

Pussycat

saw your smile, a little while,  
But didn't notice it was there  
I went on living like I always did before  
Until I realized that Mama was calling

I saw your face, just in case,  
You didn't see me in the crowd.  
I said I'm sorry when I spoiled your silver jewelry  
But you must have heard that Mama was calling

I must get you, my whole life depends on having you  
Please don't hurt me when I say  
Words I shouldn't speak before you.  
But I must get you. Let me try to make you love me too  
Ever since you crossed my way  
Every single day  
Is made to love you  
'Cos I love you  
Yes I love you, love you, love you, love you  
Baby baby I love you so

I must get you take my heart  
'Cos I don't know why I'm living,  
And it hurts until I'm giving it to you  
Baby, I must get you take my heart  
'Cos I don't know where I'm living  
Just as long as I'm not standing close to you

I saw your smile, a little while,  
But didn't notice it was there  
(now) I went on living like I always did before  
Until I realized that Mama was calling

I must get you take my heart  
'Cos I don't know why I'm living,  
And it hurts until I'm giving it to you  
Baby, I must get you take my heart  
'Cos I don't know where I'm living  
Just as long as I'm not standing close to you
