

## If You Ever Come To Amsterdam

Pussycat

I love to be with you but now I'm leaving  
I really did enjoy this single evening  
Moments here with you I will remember  
O Rainy day that come  
Summer love has left my heart and saint it  
Its hard to go away before it ended  
Those Kisses on a mountain  
A tree, car and a fountain

The time has come that we must say goodbye  
If you ever come to Amsterdam, I'll be waiting there for you  
And I'll show you were young lovers go on a sunny afternoon  
Where the summer nights in Amsterdam covered flowers at your side  
I'll be yours the day we'll meet again in Amsterdam

I call you every day cause when I hear you  
I am dreaming every moment I'll be near you  
I found the morning clover and like to send it over  
Maybe there's a time we meet one day  
If you ever come to Amsterdam, I'll be waiting there for you  
And I'll show you were young lovers go on a sunny afternoon  
Where the summer nights in Amsterdam covered flowers at your side  
I'll be yours the day we'll meet again in Amsterdam
